Consumption Cured. THE JUDGE OF HANOVER COUNTY SPEAKS.

Tim. Howard suffered for three years with lung and throat troubles, and last spring was thought by his neighbors to by tying. I heard of his condition and gave him A. B. C. Tonic. Its effect was magical. In a very short time he was able to leave his bed, and now regards hir-self a well man. Others in this vic-nity have taken the "Tonic" with

pronounced benefit.

Flogging.

A correspondent of the Toronto Globe writes as follows: In your issue of August 27 "Justice" makes an appeal to the lawabiding people of Canada egainst flogging as punishment for certain crimer, inclancing the late punishment in Toronto especially. All who have read his plea can s.e the ground he takes. I would like to know what punishment he deems adequate for uch crimes as are in question. Is there any crime which s worse than a brutal assault upon the virtue of our sisters and mothers? and yet "Justice" tells us that "their punishment is altogether dispreportionate to the offence. Such a punishment is really more cruel than death. It lays upon the criminal a life-long degradation. It may be said his crime has already done so?" Then we may infer that having committed this fearful crime, the degradation of which is life-long, a criminal should have no forther punishment. He goes on to say that "it is doubtful if the Almighty demands such an atonement." "To rely on physical torture to deliver the rising generation from criminal propensities is a reproach to our religion." Would Justice have us do away with all punishment? because imprison ment is certainly physical punishment. I think that all civilized nations have learned by experience that there are certain classes of men who care not for imprisonment; they are fed, clothed and warmed, and the few weeks of liberty which they occasionally get between terms is spent in any kind of criminality which suits their taste, and to them what is a few years in rettrement and what to us another sister robbed of her honor, or what is worse must we leave him to his liberty "because the degradation of the crime is a life-long punishment-?" No sir,

orline is a life-long punishment.?" No sir, give them the lash, give them bodily pain as well as mental, they do the same to their victims, and the Almighty certainly commands us to give punishment, an eye for an eye. It is only the fear of the lash which will stop such crimes. In occort wo of the States the punishment is death, and I do not think that it is too severe, though some may think so.

We have too many sentimentalists among us now who rush to do honor to a great criminal, whereas he should be biotted out of the public existence and his doings and sayings forgotten. As to the police of Toronto, on whom he finishes his tirade, I have no defence for them, but they are under the same laws as the rest of our country, and what is to their discredit is more to the discredit of the rest of the country, for Toronto certainly is not the largest part of eur government and does not centrel it either.

I was constipated, had headache, could eat nothing with satisfaction or appetite; had the blues and felt altogether out of sorts. I have been a teacher for twenty years, and during that time have had renested attacks of headache, produced by torpid liver, and I have been entirely cured by the use of Simmons Liver Regulator.
